Indirect Supervision Form

Permission for children Seven (7) years of age or older to use approved space without direct supervision

The family child care regulations allow children seven (7) years of age or older to participate in activities without direct supervision in the approved space indoor/outdoor space of the family child care home. In order to do this, both the parent and the educator must give permission. Educator guidance must be available when requested or needed. The educator must also regularly monitor the activity of each child.

My child, _____, who is _____ years of age, has my permission to go to
the following approved indoor/outdoor space (if indoor, please list floor level and room):

With the following limitations and stipulations:

Parent/Guardian Signature: _____ Date: _____

Permission for children Nine (9) years of age or older to leave the family child care premises without direct supervision

The family child care regulations allow children nine (9) years of age or older to leave the family child care premises for a specific activity (such as riding a bike, team sports), so long as both the parent and the educator give such permission. The educator must obtain written parent consent for any child to leave the family child care premises.

My child _____ who is _____ years of age, may leave the family child care premises
for the following activities:

Activity	Time	Method of Transportation	Person Responsible	Limitations

Parent/Guardian Signature: _____ Date: _____
